

## Best Practices & Technology Tools

### Minimize Business Disruption

KBF understands the type of imposition an audit or review can create for a business's internal accounting staff. To minimize any potential disruption, KBF uses the following technology and best practices:

- To accelerate decision-making on accounting and reporting, an experienced team member is involved in every aspect of the engagement.
- Improved synergies with your existing systems through the use of a paperless work environment.
- Quick answers to questions and turnaround through our access to field accounting and auditing research.
- Our access to electronic industry information provides additional insight into auditing complexities.
- Integrated multi-disciplinary teams provide a seamless, cohesive suite of services.
