

Advisory Services We Provide

Accounting & Reporting

Complex business transactions require specialized skills and knowledge. When your business requires additional insights and unparalleled expertise, KBF can assist you in clearing whatever obstacles may hinder getting the deal done. From financial reporting and risk management to transactional accounting and operational changes, we're here to lend a helping hand.

Technical Consulting

Whether reconciling financial statements, laying the groundwork for a merger or acquisition, or preparing for an audit, completing all of the necessary financial reporting and accounting requirements can seriously test the capacity of any business's internal finance department. KBF's team of experienced advisory professionals can provide your business with technical consulting services during those times when experience matters.

IPO & SEC Readiness

Preparedness matters most when ensuring IPO readiness. Due to the complex nature of an IPO launch, each and every business faces its own individual challenges that require a blend of experience, expertise and determination to overcome. To provide assurance to stakeholders prior to going public, you need the steady hand of KBF's team of knowledgeable professionals to help lay the foundation for a successful launch.

Tax & Accounting Due Diligence

What you don't know can definitely hurt your business. As tax and accounting complexity continues to increase, your business or a potential acquisition target can easily find itself with undetected exposures. Our experienced tax and accounting due diligence team can assist in identifying and mitigating areas of risk.
